

On-Site Project Manager

Company Profile: Patriot Fire Protection is a privately owned fire sprinkler company that designs, fabricates, installs, maintains, and inspects fire protection sprinkler systems in commercial, industrial, and residential buildings, with offices located in Tacoma, Spokane, Hanford and Vancouver Washington.

Job Title: On-Site Project Manager

Job Summary: Patriot Fire Protection is performing the design, procurement, fabrication and installation of the Fire Sprinkler System at the Hanford Vit Plant (Waste Vitrification Facility) located on the Hanford Reservation approximately 25 miles north of Richland, WA. Patriot has been employed on this long term project since 2003. This position requires the aptitude and skill to manage and guide an 8 to 12 man field crew (Union) as well as a 6 person support team consisting of Quality Assurance, Design, Safety and Administration individuals. This position is also the main interface and point of contact with our Customer, Bechtel National, Inc.

Requirements:

- High school diploma.
- Must be a citizen of the United States.
- Minimum 10 years General Construction or Fire Sprinkler Management experience.
- Minimum 5 years General Construction or Fire Sprinkler Project management experience.
- Proficient with Microsoft Office suite (Word, Excel, Outlook and Project). A working knowledge of AutoCAD and Primavera is desirable.
- Capable of performing physical labor to include carrying and moving equipment and tools weighing up to 70 lbs.
- Able to work in unusual and sometimes difficult positions such as climbing ladders, scaffolding and high lift equipment.
- Ability and willingness to adhere to, implement, and follow safety and Quality Assurance guidelines and procedures at all times.
- Willing to pass a pre-employment drug test, background check, and reference check
- Clean driving record

Responsibilities:

- Understand the project's design inputs and requirements, and assure their application through the design process.
- Understand and absorb the project's considerable "safety culture", and assure compliance with Patriot's and the Customer's Safety Program and commitments.

- Manage and guide all aspects of a Union based installation crew.
- Responsible for schedule, cost and efficiency reporting to Patriot and to the Customer.

Personal attributes:

- Possesses a positive attitude and actively works to solve problems.
- Takes initiative and can operate with minimal guidance.
- Exercises good judgement and is always honest.
- Operates methodically and is well organized.
- Trains teammates and openly shares knowledge and experience.
- Communicates professionally with peers, customers, and managers.
- Focused on customer service – goes the extra mile to get the job done correctly.
- Maintains a professional appearance and demeanor.

Patriot Fire Protection offers our employees a competitive salary and a comprehensive benefits package that includes; healthcare, dental, and life insurance, 401k Plan with employer match, paid vacation and holidays, and more. Starting salary D.O.E.
